## DETAILED ACTION

### *Election/Restrictions*

1. Applicant's election without traverse of Group II Fig 3a and 3b in the reply filed on June 15, 2007 is acknowledged.

### *Drawings*

2. The drawings were received on February 28, 2007. These drawings are approved.

### *Claim Rejections - 35 USC § 102*

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 13, 15, 19, 22, 24-27, 30, and 32 are rejected under 35 U.S.C. 102(b) as being anticipated by Hansen (US 5,025,126).

Hansen discloses a wrist (3) having a first member (unnumbered plate to the left of the tubes 10, see Fig 1) concentrically attached to the robot along the axial path and rotatably movable with respect to the arm (1) about the axial path (see Fig 1), at least one robot line positioned along the axial path (col. 4 lines 7-36), and a bellows (10) sealingly connects to the robot arm and positioned along the axial path connected to the line and the robot arm allowing extension or compression of the line along the axial path (see Fig 1), a mounting plate (unnumbered plate to the right of the tubes 10, see Fig 1),

Art Unit: 3682

a guide plate (unnumbered plate to the further right of the tubes 10, see Fig 6) having a hole (see Fig 6),

***Allowable Subject Matter***

5. Claims 20, 21, and 28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
